

# THE EPITOME OF VERSATILITY.

## FSPW SUPREME™

Reduce operating costs and improve flavor consistency - dispense precise, adjustable portions of heated fudge, caramel and cheese

Protects product - temperature-sensing thermostat prevents burning, and lid retains moisture

Spout heater keeps toppings inside warm and fluid

Merchandising magnets provide quick product identification

### SUPREME™ MERCHANDISERS Model FSPW

#### Food Applications

- Top desserts with fudge or caramel
- Dose precise portions of cheese sauce for nachos, pretzel bits, cheese dogs, and more
- Jar accessory is perfect for operations with homemade toppings

#### Fast Facts

An NSF listed rethermalizer, Server's Supreme™ Hot Topping Merchandiser quickly and evenly heats toppings to a safe serving temperature without scorching product around container edges.

Portion Optimization keeps food costs low by minimizing waste and inconsistent servings while providing consistent flavors every day at each of your locations. Max 30 mL portions reduce in 3.7 mL increments.

Additional cheese sauce and caramel magnets
