

# Refresh their expectations.

2017 GUIDE TO SERVING BETTER

 SERVER

# The fresher

Consumer demand is intensifying for health-oriented, fresh natural foods<sup>†</sup> and Server helps you deli

## sustainability

Serving better today starts by thinking about tomorrow.

**ConserveWell™ Utensil Holders**  
Replace perpetual-flow dipper wells and cut water usage by up to 250,000 gallons every year.

## responsible dispensing

Precise portion control and recyclable pouches help reduce waste.

**EZ Topper™ Pouched Dispensers**  
Recyclable pouches deliver  
97% less waste and up to  
98% product evacuation.

# r the better.

deliver with progressive serving and dispensing solutions that make serving fresh better than ever.

## food integrity

Today's consumers expect quality each and every time.

**IntelliServ™ Food Pan Warmer**  
Heat and serve toppings and sauces at  
precise temperatures from first serving to  
last — fits in the tightest of spaces.

# Everything better, all in one place.
