

# NEW PRODUCT UPDATE BULLETIN

November 21, 2017

## INTERNATIONAL INTELLISERV™ MODELS AVAILABLE

In order to continuously provide our partners overseas with space-saving, efficient serving solutions, our team at Server Products develops electrical equipment to meet the applicable international certifications.

Server's IntelliServ™ 1/3-pan warmer is CE, PSE and INMETRO certified for use in many international markets.

Plug styles available include: Australia (86339), Europe (86338), United Kingdom (86341), Brazil (86478) and Japan (86479).

Additional equipment information is available at [IntelliServ-warmers.com](http://IntelliServ-warmers.com).

With any inquiries, contact Customer Service: [spsales@server-products.com](mailto:spsales@server-products.com).
