

# The Packet Problem

Packets start to pile up when you compare them to pouches. Think of the packaging and product waste every time we grab a handful of packets. No pouch = ouch.

# The Smart Solution

Packets are going the way of the phone book. You don't need hundreds of them when a single pouch provides a profitable alternative with less waste and more cost control.

## Sustainability

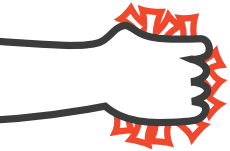

**640** non-compostable packets

**1** biodegradable pouch

## Cost Control

Avoid unnecessary overserving of ketchup packets by patrons and employees. No need for handfuls of packets when Touchless Express™ Dispensers provide precise portions.

It takes **over 3 ketchup packets**

to equal one full portion from Touchless Express™ Dispensers.

## Safety & Hygiene

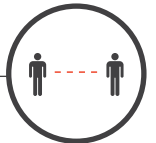

**Can't Clean**

**Sealed & Sanitary**

**Delivery Variables**

**Delivery Consistency**

**Close Contact**

**No Contact**

## Operational Ease

Our Touchless Express Dispensers can ease and simplify both BOH and FOH operations. These versatile units can be used to top menu items on the line as well as fill soufflé cups for take-out, curbside pickup or delivery.
