

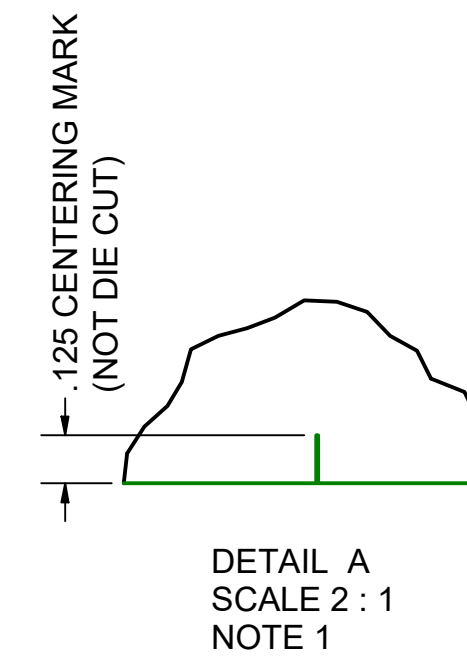

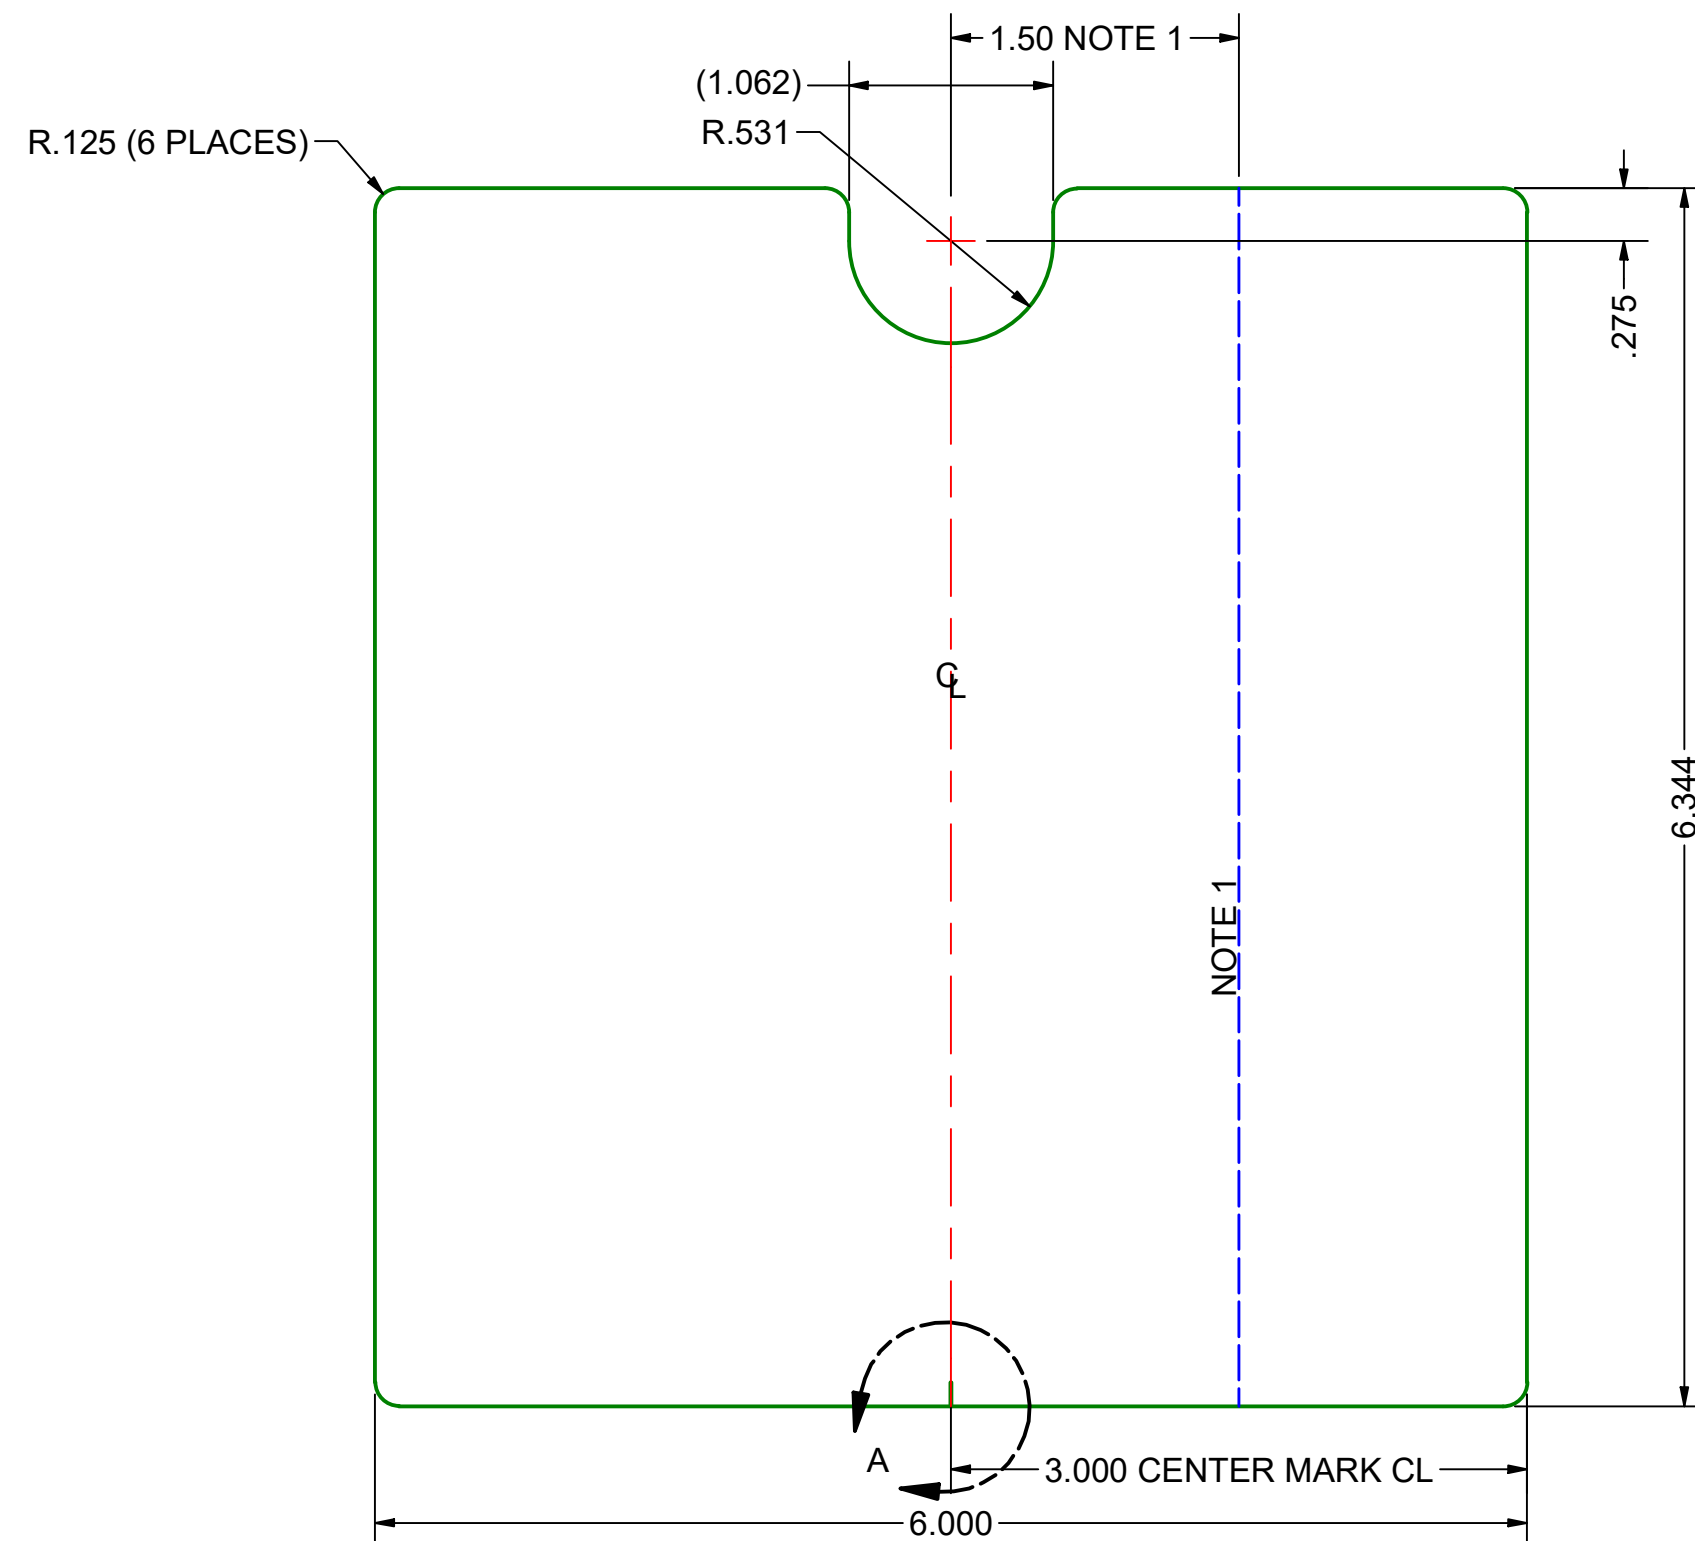

Graphic Template for Single, Touchless Express Drop-In Dispensers: SE-SS-TDI

Outside dimension fills front panel of dispenser, above the flange (area above the countertop cutout) to within 1/8" from surface edges, ideal for PSA or magnetic labels. Choose a material suitable for a stainless steel dispenser. Example is 30 Mil thick magnet with protective overlamine for cleanability. See p. 2 for a 3-sided graphic template.

For options or suggestions, contact salesupport@server-products.com.

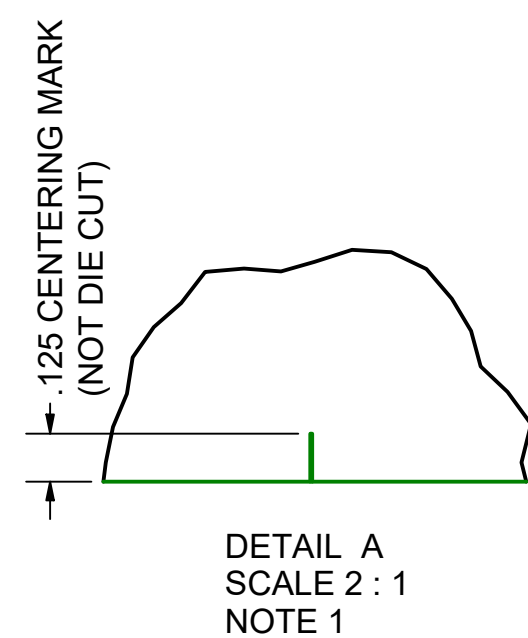

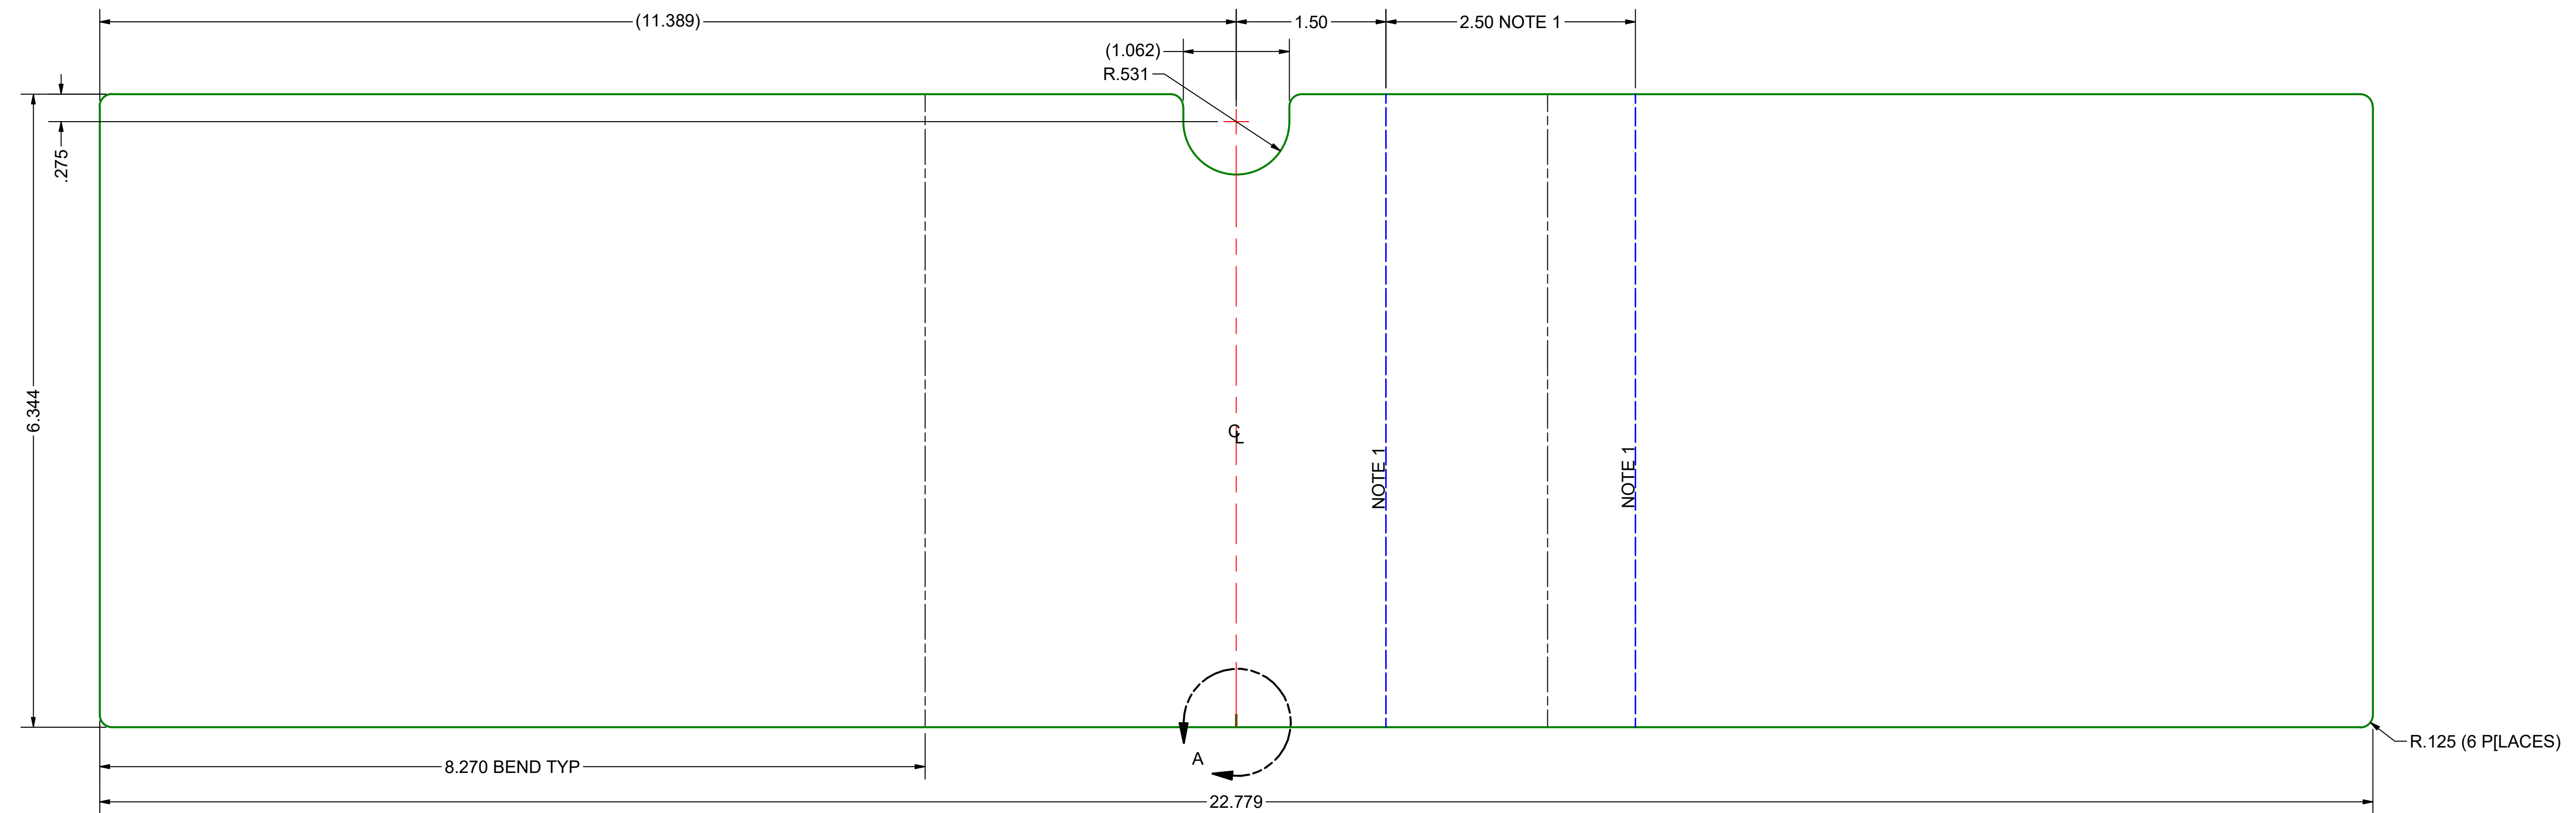

NOTE 1: THE PROTECTIVE BACKING MUST HAVE A VERTICAL SLIT IN LOCATION SHOWN. THE VISIBLE FACE MUST HAVE A CENTERING MARK FOR ALIGNMENT PURPOSES IN LOCATION SHOWN.

Graphic Template for Single, Touchless Express, Drop-In Dispensers: SE-SS-TDI

Outside dimension fills three sides of the dispenser area to within 1/8" from surface edges; ideal for a PSA label. Applying a three-sided decal can be tricky and is typically done at the factory during production.

For options or suggestions, contact salessupport@server-products.com.

NOTE 1: THE PROTECTIVE BACKING MUST HAVE (2) VERTICAL SLITS IN LOCATION SHOWN. THE VISIBLE FACE MUST HAVE A CENTERING MARK FOR ALIGNMENT PURPOSES IN LOCATION SHOWN.
