## Dispensing Stations & Stands Flavor Label Set Update

PRODUCT UPDATE BULLETIN

### EFFECTIVE | JULY 2022

- 07131 Revision A set of (3) becomes obsolete
- Revision B set includes (5) labels

### DETAILS

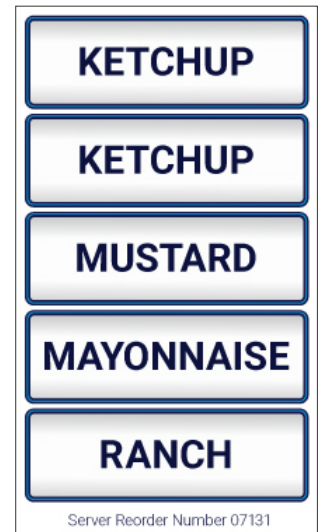

To support Server's newly evolved brand aesthetics and offer additional labels, we've updated the design and flavor label size to fit (5) flavors to a set vs. (3). The height and font size matches other flavor sets for a unified look. Overall set size remains 3" x 5.25".

Includes: (2) Ketchup; self-serve stations often use two Ketchup to prevent bottlenecks, (1) Mustard, (1) Mayonnaise, and (1) Ranch; 40% named Ranch their favorite dipping sauce vs. 22% for BBQ.

### 07131 REV A (OLD)

### REVISION B (NEW)
