Thank You

...for purchasing this kit to transform your topping warmer into a Signature Touch™ Squeeze Bottle Warmer. Drizzle and delight!

SERVE BETTER WITH DISTINCTIVE DESSERTS
According to food and safety regulations, most foods must be stored and/or served at certain temperatures or they could become hazardous. Check with local food and safety regulators for specific guidelines.

Be aware of the product you are serving and the temperature the product is required to maintain. Server Products, Inc. cannot be responsible for the serving of potentially hazardous product.

CAUTION:
Prevent serious burns and bottle failure.
DO NOT EXCEED 125° F (52° C).

WASH
all parts properly before use.

SANITIZE
all parts according to local sanitization requirements. All parts in contact with food must be sanitized.

YES
Squeeze bottles are dishwasher safe.

CARE OF STAINLESS STEEL
• A mildly abrasive nylon or brass brush may be used to remove any stubborn deposits.
• Fully rinsing and drying all parts can help prevent corrosion. Elements and minerals in tap water can accumulate on stainless steel parts and create corrosion.
• Do not use abrasive, caustic or ammonia based cleansers.
• Do not use products containing acids, alkalines, chlorine, or salt. These agents can corrode stainless steel.
• Do not use metal scrapers or cleaning pads that could scratch surfaces.
**SET-UP**

1. **FILL WATER VESSEL BASIN**
   - **IMPORTANT:** Unit must use water.
   - Pour 4—6 cups (946-1420mL) of water into basin.
   - Do not overfill.
   - **TIP:** Check water levels throughout the holding period to ensure even heating. Filtered water is recommended to deter corrosion.

2. **INSERT BOTTLE SUPPORT**
   - Insert bottle support into water vessel basin.

3. **FILL BOTTLES**
   - Fill bottles with desired product.
   - **TIP:** Simplify change-outs with additional bottles. Order item #86809.
   - Product being served must be inside squeeze bottles.

4. **INSERT BOTTLES**
   - Insert bottles into bottle support openings.
   - **TIP:** Simplify change-outs with additional bottles. Order item #86809.

5. **REFER TO WARMER MANUAL**
   - For complete instructions included with your original FS & FSP warmer model.
   - Manuals are also available at:
     - www.Server-Products.com
   - **CAUTION:** Prevent serious burns and bottle failure. **DO NOT EXCEED 125° F (52° C).**
**TAKE-DOWN**

1. **PRESS SWITCH** to the “OFF” position.
2. **UNPLUG CORD**
3. **REMOVE BOTTLES**
4. **REMOVE BOTTLE SUPPORT**
5. **EMPTY WATER FROM WATER VESSEL BASIN**
   After each use. Carefully pour water down a drain.
   
   **TIP:** Remember to **empty** the water each day rather than **add**—

   This will greatly extend the life of your warmer.

6. **DRY** thoroughly with a soft dry cloth.

**SERVER PRODUCTS LIMITED WARRANTY**

- **2 YEAR WARRANTY**

Server Products equipment is backed by a two-year limited warranty against defects in materials and workmanship.

For complete warranty information go to:

[www.Server-Products.com](http://www.Server-Products.com)

---

**GENERAL SERVICE, REPAIR OR RETURNS**

Before sending any item to Server Products for service, repair, or return, contact Server Products customer service to request a Return Authorization Number. Merchandise must be sent to Server Products with this number. Service is extremely prompt. Typically, units are repaired and ship out within 48 hours of receipt.

Merchandise being returned for credit must be in new and unused condition and not more than 90 days old and will be subject to a 20% restocking charge.
