IXD™ SERIES

# Sauce+™

SAUCE DISPENSER

SPEC SHEET

## FAST FACTS

**IXD™ Series SAUCE+™ Sauce Dispenser** delivers upon the exclusive Core Four™ Platform - unprecedented speed of service, efficiency, consistency and simplicity. Single-touch dispensing delivers precise portions of customer's favorite sauce recipes and optimizes FOH and BOH operations with a modular, space-saving design.

## APPLICATIONS

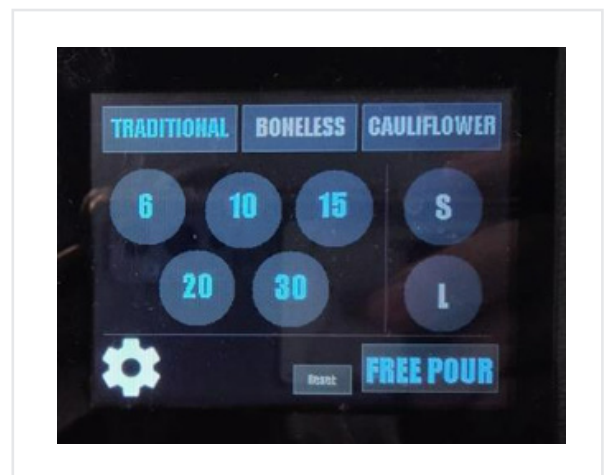

- Portioning of ambient sauce from direct pour 83 oz bin
- Dispense into portion cup or directly onto menu item

## DETAILS

- Intuitive control panel enables quick menu item selection and dispense and easy product refills
- Three factory preset recipe portions: Small, Medium, and Large plus a push-and-hold free pour button
- SmartWares® Technology platform has the ability to be IoT enabled with Wi-Fi connectivity for real-time monitoring of key performance metrics
- Small countertop footprint with a height of less than 11" and a width less than 4" allows for easy integration into the workflow of the kitchen
- Up to (20) units can be electronically banked with a power distribution unit (PDU) for less cords and are stackable and built with magnetic side properties for set-up configuration flexibility and strength
- User interface prompts when product is low and aids with clean-in-place steps
- User interface can be customized for specific menu options and portions
