IXD™ SERIES

Sauce+™

SAUCE DISPENSER

SPEC SHEET

FAST FACTS

IXD™ Series SAUCE+™ Sauce Dispenser delivers upon the exclusive Core Four™ Platform - unprecedented speed of service, efficiency, consistency and simplicity. Single-touch dispensing delivers precise portions of customer's favorite sauce recipes and optimizes FOH and BOH operations with a modular, space-saving design.

APPLICATIONS

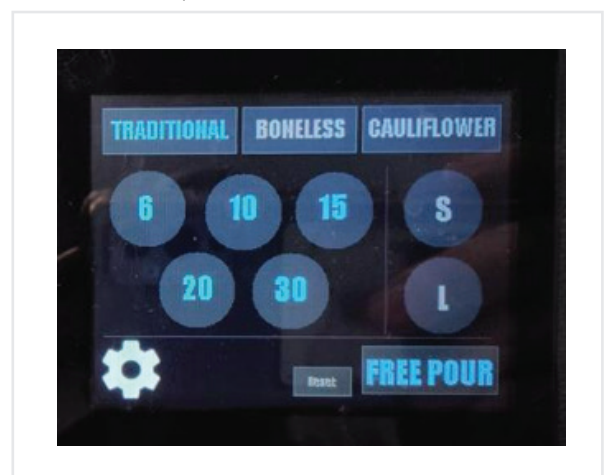

- Portioning of ambient sauce from 83 oz or 140 oz direct pour bin
- Dispense into portion cup or directly onto menu item

DETAILS

- Intuitive control panel enables quick menu item selection and dispense and easy product refills
- Three factory preset recipe portions: Small, Medium, and Large plus a push-and-hold free pour button
- Capable of network connectivity for future expansion of control and management
- Small countertop footprint with a width less than 4" allows for easy integration into the workflow of the kitchen
- Up to (10) units can be electronically banked with a power distribution unit (PDU) for less cords and are stackable and built with magnetic side properties for set-up configuration flexibility and strength
- User interface prompts when product is low and aids with clean-in-place steps
- User interface can be customized for specific menu options and portions
