EZ-Topper™ Pouched Topping Warmers
Model EZT & EZT-S 230V

FAST FACTS

- Serve fudge or caramel from 1.4 L pouches* with 16 mm center fitment, available through your food distributor
- Pouches create 97% less packaging waste than cans
- Warms without a water bath

APPLICATIONS

- Tamper-resistant packaging is ideal for self-serve dessert stations
- High-volume operations looking to minimize downtime during changeouts
- Lower-volume or sporadic use operations serving toppings over an extended period of time

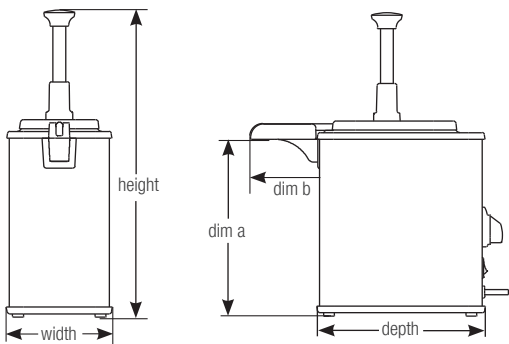

More servings. More responsible. Sweet.

EZ-Topper™ Pouched Topping Warmers

Model EZT & EZT-S 230V

SPECIFIER STATEMENT

84981 | 84982 | 84983 | 84897 | 84988 | 84989 | 84994 | 84995 | 84996: Server Products Model EZT and EZT-S EZ-Topper™ pouched topping warmers accept specialized 1.4 L topping pouches* with 16 mm center fitment and warm with dry heat (no water bath). Twin warmers use individual temperature sensing thermostats to control wrap-around heating elements for each well. Temperatures range from 38°C to 93°C. Stainless steel pumps dispense 30 mL max adjustable in 3.7 mL increments. Stainless steel pouch support included for operation without heating reserve pouch. Includes caramel and hot fudge magnetic merchandising graphics. Black, engraved knobs included to indicate caramel and/or fudge inside as well as blank, black knob on each pump. NSF Listed. CE and RCM approved. Two-year warranty. Ships FOB Richfield, WI 53076.

Adjustable thermostat heats and holds temperature as topping depletes to avoid scorching
