

Specialty Warmer Mix-N-Serve™ Dispenser

SPECIFICATION SHEET

FAST FACTS

Mix-N-Serve™ Dispensers keep clarified butter warm and blended in a compact, stainless steel dispenser; serves with spigot-style faucet.

APPLICATIONS

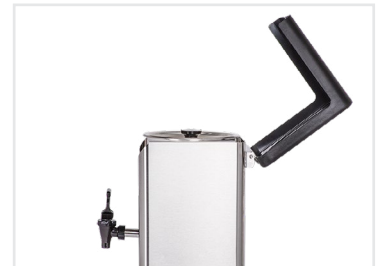

- Ideal for butter, hot chocolate and other thin foods or sauces that should be continuously stirred
- Transfer labor from the cook line to the wait station

DETAILS

- Temperature-controlled thermostat provides accurate heat control with locking design to prevent accidental changes
- New design provides operational efficiencies:
 - exposed lid speeds refills
 - stir bar and magnet assembly eliminates loss risk
 - hinged cover simplifies vessel access for cleaning
- Single switch controls heat and stir functions
- Magnetic agitator continuously stirs to suspend solids
- Stainless steel warmer and removable 5 1/2 qt food vessel

05578

Flavored clarified butter is trending –
sauté, stir-fry or drizzle on the goodness
with maple, garlic, ginger,
chive, rosemary, and jalapeño flavors.
