Insulated Cold Stations 1/6-Size Pan Stations

SPECIFICATION SHEET

FAST FACTS

Insulated cold stations solve topping needs across all day parts, from breakfast garnish to sandwich toppings, with stainless steel pans up to 6" deep and ice or Universal Ice Packs (100515) to keep contents cool up to 4 hours.

APPLICATIONS

- Hold toppings for hot dogs, sandwiches and more at self serve stations or back-of-house
- Cool cocktail garnishes like cherries, oranges, lemons and limes

DETAILS

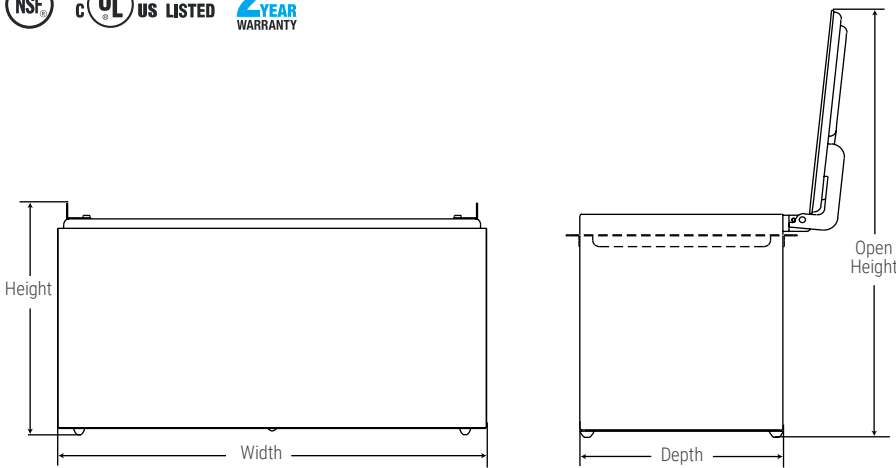

- Keep garnishes or condiments cool at their point of use; no need for electricity
- Clear, hinged lid showcases product level checking; adjustable for stay-open or self-close operation
- Same base can be used across dayparts; simply replace ice pack and change out pans to suit topping needs

Unlimited applications from morning thru night.

INSULATED COLD STATION MODELS: IRS-3 & IRS-3DI

Server countertop and drop-in Insulated Cold Stations are constructed of stainless steel and include an acrylic hinged lid designed for stay-open or self-close operation. Models accept ice or Universal Ice Packs (100515). NSF listed. C-UL-US listed. Two-year warranty.
