

# COMPACT. CONSISTENT. CERTIFIED.

## INTELLISERV™ 1/3-SIZE PAN WARMER

Warm up to 5.7 Liters in 20.3 cm of space—modular design holds (1) 1/3-size, (2) 1/6-size, or (3) 1/9-size pans up to 6" deep

Customize for topping, finishing or plating with pumps, ladles or squeeze bottles (sold separately)

INTELLISERV™ WARMER  
Model IS-1/3

### Food Applications

- Warm sauces, soups and toppings for dipping, dressing or plating in prep and finishing stations
- Great for difficult to hold products such as chocolate, caramel and hollandaise sauce that require precise temperature control

### Fast Facts

Quickly warm up to 5.7 liters (1/3-size pan) of sauces, soups or toppings in a compact space; precise temperature control and innovative design insures accurate holding from the first serving to the last.

Modular design lets you choose pans, pumps or high-temp squeeze bottles (sold separately).

Digital display provides instant feedback of heat setting and status

Precise temperature controller and innovative design insures accurate holding of delicate soups and sauces from the first serving to the last

NSF listed rethermalizer—heat and serve from the same unit and quickly heat to a safe serving temperature before bacteria has an opportunity to develop
