

WARM WELL. SERVE BETTER. TOPPING WARMER WITH PUMP

Conveniently serve toppings such as fudge or caramel from a #10 can or 3 qt jar (jar sold separately)

Stainless steel pump provides consistent servings while managing food costs – 1 oz per stroke; adjust in 1/8 ounce increments

Temperature-sensing thermostat turns wrap-around heating element on or off as needed to prevent accidental burning or scorching

TOPPING WARMER WITH PUMP

Model FSP

Food Applications

- Warm and serve various food and dessert toppings from a #10 can or 3 quart stainless steel jar (sold separately)

Fast Facts

Keep toppings and sauces at their peak freshness with this water-bath warmer. Fast, even heat prevents overheating and food waste; thermostat turns the wrap-around heating element on or off as needed.

Portion control manages serving sizes of expensive ingredients; dispense 1 ounce max, adjusts in 1/8 ounce increments.

Colored, engraved knobs to quickly differentiate product is available upon request.

Want to pump from a pouch? The Pouch Conversion Kit (81184) modifies your unit to interface with 48 oz topping pouches. The anodized pouch support allows you to warm food without a waterbath.

Flexible design also allows use with a ladle (FS), or a squeeze bottle inset (SBW) (both sold separate).

TOPPING WARMER WITH PUMP

Model FSP

Specifier Statement

Server Products Model FSP Topping Warmer with Pump is constructed of polished stainless steel. An adjustable, precalibrated thermostat controls the 500 watt heating element; temperature settings are marked on thermostat knob, and an ON/OFF rocker switch controls the power. Unit dispenses from a #10 can or 3 quart stainless steel jar (94009) (not included). The warmer features stainless steel, portion-controlled pump. Max stroke yields 1 ounce (30 mL), reduces in 1/8 ounce (3.9 mL) increments. NSF listed. Rethermalizer. C-UL-US listed. Two-year warranty. Ships FOB Richfield, WI 53076.
