

Worry-free dispensing.

Touchless Express™ Dispensers – Export Only

Hygienic alternative to portion packets – fitmented pouch and closed dispensing system eliminates possibility of food contamination

Direct-Pour model offers convenience not found in volume packaging to dispense fresh, house-made sauces and condiments

Branding-ready – incorporate your brand and flavors for quick product identification

Countertop and drop-in models are available to suit operational needs

Pouched dispensers achieve up to 98% product evacuation

Units include a flavor decal kit for food product labeling

Place one hand over sensor while holding portion cup or food item under dispensing point

SPECIFIER STATEMENT

100366 | 100367 | 100368: Server Products Stainless Steel Touchless Express™ dispensers are constructed of a stainless steel vessel with a brushed finish, surgical-quality plastic pump and stainless steel lid. With PerfectSense™ non-touch technology the unit dispenses thin, thick, or thicker toppings from a 1 ½ gal (6 L) pouch with a 16 mm fitment or a 1.3 (4.9L) gal jar and is calibrated to dispense a 1 oz (30 mL) max portion. Conical sensor field triggers dispense when holding hand between approximately 1" and 6" from sensor eye. 24V DC Dispenser with 100V–240V Adapter Power Cord and NEMA 5-15 Plug. NSF listed, UL-US Listed. CE certified. CB certified. BPA Free and ADA Compliant. One-year warranty.

NSF c US LISTED BPA free ADA compliant | Less than 5 lbs of pressure to dispense.

100366 & 100368 connect to a 1.5 gal (6 L) Cryovac pouch with 16 mm fitment

100367 dispenses out of a 1.3 gal (4.9 L) dishwasher-safe jar that sits inside vessel
